

Installation Manual & User's Guide

Happy News v1.1

English Language

Welcome to Happy News!

The Happy News Installation File plus the Happy News <u>Installation Manual & User's</u> <u>Guide</u> have been sent to your e-mail address as a single compressed file attachment. Save the attachment in a new \Downloads\ Happy News folder and extract the files.

Installation and Setup of the Happy News v1.1 robot is very easily accomplished.

Robot Installation:

 Close all MetaTrader Platforms that may be running. Locate your saved Installation File: Happy News v1.1.exe Double click on the Happy News v1.1 icon.

2. The Happy News Installation Window will open.

• F • U fr n • If c	Tess Extract button to start extraction. Use Browse button to select the destination om the folders tree. It can be also entered nanually. The destination folder does not exist, it was reated automatically before extraction.	on folder d vill be
Destination f	older	
C:\	v .	Browse
		Called and the second sec

3. Click the Browse Button, select the target folder where your MetaTrader4 is installed under \Program Files (x86), then click the Extract Button.

1	Installation Happy News 🛛 – 🗖 🗙
	 Press Extract button to start extraction. Use Browse button to select the destination folder from the folders tree. It can be also entered manually. If the destination folder does not exist, it will be created automatically before extraction.
	Destination folder
	C: \Program Files (x86)\HotForex MetaTrader V Browse Extraction progress
	Extract Cancel

- 4. The installation process is very fast. When completed successfully, the installation window will close without further notice.
- 5. Repeat the above steps for each instance of MetaTrader on which you wish to run Happy News.

Robot Setup:

Launch your MetaTrader4 Platform.

3. The Expert Advisor Inputs:

Name_EA: The Expert Advisor Name and Version Number

Serial_Number: Locate the file: Serial_Number DD.MM.YYYY.txt that we sent as part of your installation package. The file name indicates the expiration date for this

copy of the robot. We use an expiration date to help secure the robot against piracy. If you are a legitimate registered user, you will receive a replacement file before the expiration date, if a new version update is not issued before then. In all cases, double click the file to open it. Contained in text format is your Serial Number. Copy and Paste the number into the Serial Number field of the Inputs tab as shown above.

Magic: A unique random Magic Number enables Happy News to distinguish its open trade positions from those that were entered by other robots, or done manually. Any number is acceptable as long is not the same number used by any other robot running on this MetaTrader Platform. We recommend you change this number to any other number to help hide the identity of your robot from your broker-dealer.

GMTOffset: according to your broker

A. Trading Options

SetPendingSecondsBeforeNews: Seconds before News to set pendings (Default setting: 60)

PendingDistanceFromPrice: Pending distance from Market Price (Default setting: 10)

------------------------	-----------------

Launch of Happy News robot:

Once all Inputs have been set, click OK to close the properties Page. Insure the Expert Advisor Button is depressed; the Green Play Arrow is now seen.

Happy News v1.0 😳

When all is correct the "Smile" emoticon will appear in the upper right corner of the chart. A "Sad" emoticon indicates there is an error.

- GBPUSD,H1	1.56960	1.56962	1.56901	1.56932
Serial Number;E	(pired			

If the serial number is incorrect, you will see "Invalid Serial Number!". The robot will not trade until a valid, unexpired Serial Number is correctly entered. See above discussion at #5 for Serial Number information.
